Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/55.

Details on the Court Structure

The Massachusetts Trial Court is organized by "Departments" and within each department there are "Divisions." The **Superior Court** has concurrent civil jurisdiction with the **District and Boston Municipal Court departments**; however, most plaintiffs seeking damages of \$25,000 or less file in the District, the Boston Municipal Court, or the Housing Court. District, Boston Municipal, and Housing Court departments resolve small claims matters which are \$7,500 or less.

Criminal jurisdiction in the District and Boston Municipal Court departments extend to all city and town ordinances, all misdemeanors, all felonies punishable by a sentence up to five years, as well as other specifically enumerated felonies carrying greater potential penalties.

Eviction cases may be filed at a county District Court or at the regional "Housing Court." A case may be moved from a District Court to a Housing Court, but never the reverse. Housing Courts also hear misdemeanor *Code Violation* cases and prelims for these. There are six Housing Court Regions - Boston (Suffolk County), Worcester (Worcester County and 5 towns from Middlesex and Norfolk), Southeast (Plymouth and Bristol Counties), Northeast (Essex County and parts of Middlesex County), and Western (Berkshire, Franklin, Hampden and Hampshire Counties). The Southeast Housing Court has three branches - Brockton, Fall River, and New Bedford.

There is one **Probate and Family Court** per county, but several counties have additional full sessions and satellite office locations – including Essex, Bristol Middlesex, and Plymouth.

Circuit Courts have original jurisdiction in all civil and criminal matters within the state, including probate, juvenile, and some traffic matters, as well as civil and criminal jury trials. The Clerk of Court is the record custodian.

The majority of Boston Municipal Courts cases involve traffic and ordinance matters.

Probate filing is a function of the Circuit Court; however, each county has a Register in Probate who maintains and manages the probate records, guardianship, and mental health records.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Massachusetts courts attest or confirm document; a certificate is a separate authentication page with a gold seal. Since July 2003, the state mandated this fee at \$2.50 per page (includes copy fee) and the copy fee at \$1.00 per page for all Superior and District Courts. Most but not all courts follow this schedule.

All Superior Courts have public access terminals, as do the Family and Probate Courts. The

use of public access courts in District Courts is spotty. The terminals do permit searching of the entire state - but only on a county or venue basis. Some courts (reportedly including Essex and Norfolk) have merged older record DBs into a newer DB. This created a slight problem searching names because the older DB used one field for the full name (last, first), and the new system uses separate fields for last and first names. It is advised to always do a least one name search with only the last name if finding older cases is needed.

Limited Online Access Provided

Online access to superior court case information is provided FOR ATTORNEYS ONLY on the statewide Trial Courts Information Center website at www.ma-trialcourts.org/tcic/welcome.jsp. The system provides an index by party names for civil cases. No DOBs are shown. One may only search the criminal record index if the case docket number is provided - there is no name search. Site is updated daily.

Registration is required, but there is no fee. For more information, contact Tashiva Williams at tashiva.williams@jud.state.ma.us.

Massachusetts Recording Offices

Locations and Types of Documents Recorded:

Documents affecting real estate, such as deeds and mortgages, and tax liens on real estate are filed and recorded at the Register of Deeds. There are 14 counties with 21 recording offices, so a number of counties have multiple Register of Deeds locations. Berkshire and Bristol counties each have three recording offices. Essex, Middlesex, and Worcester counties each have two recording offices. These documents are indexed by grantor, grantee, document type and address.

Other liens and judgments and other State Tax liens on personal property are filed with the Town/City Clerk or the Tax Collector. Other Federal Tax liens are filed with the Clerk of US District Court.

Location Nuances:

Cities/towns bearing the same name as a county are Barnstable, Essex, Franklin, Hampden, Nantucket, Norfolk, Plymouth, and Worcester.

Searching Recorded Documents:

The Register of Deeds will not perform real estate lien searches. However, the town or city clerk or tax assessor generally will perform searches for the public.

From the Register of Deeds the copy fee is usually \$1.00 per page as is the certification fee. Copy fee and certification fee charged by town clerks vary widely. Exemption is also available and is often confused with certification. Vital records are \$6.00 per copy.

Each town also has Assessor/Tax Collector/Treasurer offices from which limited real estate ownership and tax information is available.

Searching Tax Lien and UCC Records:

As mentioned above, State tax liens on personal property are filed with the Town/City Clerk or the Tax Collector. All tax liens against real estate are filed with county Register of Deeds.

Massachusetts was a dual filing state until July 1, 2001. Some UCC financing statements on personal property collateral were submitted to the 350 cities and towns until June 30, 2001, while real estate recording is handled by the counties. Now, all filing are at the state except for the real estate related collateral. Most Massachusetts town/city recording offices no longer perform UCC searches.

Since 1970 Federal tax liens on personal property are filed with the U.S. District Court in Boston as well as with the towns/cities.

Online Access:

All counties offer access to recorded documents for the Register of Deeds. See www.masslandrecords.com for a great starting point to each county site.

Also, a search for Child Support Liens and Tax Liens is at the Secretary of State at <http://corp.sec.state.ma.us/CorpWeb/liens/lienssearch.aspx>. However, there is no information explaining what type of tax liens this search provides.

Massachusetts County Locator

You will usually be able to find the city name in the City/County Cross Reference below. However, only the official US Postal Service city names are included in this index. There are an additional 40,000 place names that people use in their addresses. Therefore, we have also included a ZIP/City Cross Reference immediately following the City/County Cross Reference.

If you know the ZIP Code but the city name does not appear in the City/County Cross Reference index, look up the ZIP Code in the ZIP/City Cross Reference, find the city name, then look up the city name in the City/County Cross Reference. For example, you want to know the county for an address of Menands, NY 12204. There is no "Menands" in the City/County Cross Reference. The ZIP/City Cross Reference shows that ZIP Codes 12201-12288 are for the city of Albany. Looking back in the City/County Cross Reference, Albany is in Albany County.
