Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/.55.

Details on the Court Structure

The **Circuit Court** is the court of general jurisdiction. In general, the Circuit Court handles all civil cases with claims of more than \$25,000 and all felony criminal cases (cases where the accused, if found guilty, could be sent to prison). The **Family Division** of Circuit Court handles all cases regarding divorce, paternity, adoptions, personal protection actions, emancipation of minors, treatment and testing of infectious disease, safe delivery of newborns, name changes, juvenile offenses, and child abuse and neglect. In addition, the Circuit Court hears cases appealed from the other trial courts or from administrative agencies.

The **District Court** handles most traffic violations, civil cases with claims up to \$25,000, landlord-tenant matters, most traffic tickets, and all misdemeanor criminal cases (generally, cases where the guilty, cannot be sentenced to more than one year in jail). Small claims cases are heard by a division of the District Court.

Four municipalities have chosen to retain a **Municipal Court** rather than create a District Court. The Municipal Courts have limited powers and are located in Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Park, and Grosse Point Shores/Grosse Pointe Woods.

The **Probate Court** handles wills, administers estates and trusts, appoints guardians and conservators, and orders treatment for mentally ill and developmentally disabled persons.

There is a **Court of Claims** in Lansing that is a function of the Michigan Court of Appeals with jurisdiction of claim of over \$1,000 filed against the state of Michigan.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Court records are considered public except for specific categories: controlled substances, spousal abuse, Holmes youthful trainee, parental kidnapping, set aside convictions and probation, and sealed records. Courts will, however, affirm that cases exist and provide case numbers. Some courts will not perform criminal searches, rather they refer requests to the State Police. Although most courts charge \$10.00 for certification, search requirements, and procedures vary widely because each jurisdiction may create its own administrative orders.

Online Access is Limited

There is no statewide program offered for online access. However there are at least 50 local courts with online access. Several counties (Barry, Berrien, Iron, Isabella, Lake, and Washtenaw) plus courts in the 46th Judicial Circuit are participating in a *Demonstration Pilot* project designed to streamline court services and consolidate case management. Note that these courts may refer to themselves as County Trial Courts.

Note, the state judiciary has plans for providing statewide list of courts with online services including access to the docket.

Michigan Recording Offices

- Organization:** 83 counties, 83 recording offices. The recording officer is the County Register of Deeds. 79 Michigan counties are in the Eastern Time Zone (EST) and 4 counties that border on Wisconsin – Gogebic, Iron, Dickinson, Menominee – are in the Central Time Zone (CST).
- Types of Documents Recorded** At least 80 types of documents are recording including real estate transfers, sales, mortgages assignments, all tax liens and fixture filings, oil, gas and mineral leases and associated assignments, all probate documents, and also other judgments and liens.
- Recorded Document Search:** Some counties will perform real estate searches. A copy usually costs \$1.00 per page. Certification fee is \$1.00 per cert plus copy fee. Ownership records are located at the Equalization Office, designated as "Assessor" or "Equalization" in this section. Tax records are located at the Treasurer's Office.
- Tax Lien and UCC Records:** Federal and state tax liens on personal property of businesses are filed with the Secretary of State. Other federal and state tax liens are filed with the Register of Deeds. Note that a Notice of State Tax Lien is a legal instrument sent to the debtor by the state. After a period of 35 days if the debt is unpaid, then the lien is filed at the county level.
- Most counties search each tax lien index separately. Some charge one fee to search both while others charge a separate fee for each one. When combining a UCC and tax lien search, total fee is usually \$9.00 for all three searches. Some counties require tax identification number and name before performing a search.
- Financing statements are filed at the state level except for real estate-related collateral which are filed with the County Register. Most counties will still perform UCC searches. UCC search fee is usually \$3.00 to \$6.00 per debtor name if federal tax identification number or Social Security Number is given, or \$6.00 to \$12.00 without a number.
- Online Access:** There is no statewide online access to recorded documents, but a number of counties offer free access.

Property Ownership and Tax Assessor Data

There are a number of sites that offer access to property information.

The site at www.dleg.state.mi.us/platmaps/sr_subs.asp provides free access to digital images - with print capability - of the plats and related documents of land subdivisions in the State of Michigan's construction plat files. Search by location or subdivision. Covers all 83 counties.

Access local property record data from over 640 Michigan jurisdictions (towns, townships, cities, etc.) at a vendor site: <https://is.bsasoftware.com/bsa.is/SelectUnit.aspx>. Michigan County Locator

You will usually be able to find the city name in the City/County Cross Reference below. However, only the official US Postal Service city names are included in this index. There are an additional 40,000 place names that people use in their addresses. Therefore, we have also included a ZIP/City Cross Reference immediately following the City/County Cross Reference.

If you know the ZIP Code but the city name does not appear in the City/County Cross Reference index, look up the ZIP Code in the ZIP/City Cross Reference, find the city name, then look up the city name in the City/County Cross Reference. For example, you want to know the county for an address of Menands, NY 12204. There is no "Menands" in the City/County Cross Reference. The ZIP/City Cross Reference shows that ZIP Codes 12201-12288 are for the city of Albany. Looking back in the City/County Cross Reference, Albany is in Albany County.
